

## ENVIRONMENTALLY FRIENDLY PAGODA PRODUCTS

### ABOUT US

We work to provide you quality, USA made products that will enhance your surroundings, your landscape and your home. We manufacture attractive, affordable septic vents and odor control filters.

### Our Products

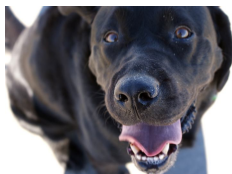

Pagoda Vents are made with recycled materials and sealed with a durable, zero emission, exterior powder coat finish. Our patented Pagoda Vents allow for the free flow of air while the slotted top keeps unwanted critters out! Your Pagoda Vent will not rust or fade.

The rejuvenating Pagoda Odor Filter Cartridge is simple to install. It contains activated carbon media designed specifically for the effective absorption of septic system odors.

### Everyone Benefits from PAGODA BRAND PRODUCTS

Pagoda Brand Products are made in New England. Use Pagoda for all your vent needs. Replace unsightly vents and unattractive odor caps. Our quality Pagoda Brand Products are environmentally friendly.

### **1' Pagoda Vent**

Attractive and ornamental. The 1' Pagoda is easily camouflaged, but then, who would *want* to hide it? A perfect size for low vents and roof vents.

### **2' Pagoda Vent**

Yes it's really a septic vent! When 1' just isn't tall enough and 3' is more than you need. Enjoy your outdoor space, fresh air *and* a pleasant view.

### **3' Pagoda Vent**

This vent is easily mistaken for an accent or landscape feature. The attractive Pagoda Vent blends into any rural, suburban or city landscape.

### **4' Pagoda Vent**

Hands down homeowner's choice for a septic vent solution. No worries about unsightly goosenecks. Choose Pagoda, get a handsome yard accent.

### **Pagoda Odor Filter Cartridge**

Rust proof aluminum cartridge filled to the brim with activated carbon made specifically for absorbing septic system odors. Slides inside the Pagoda Vent creating a perfect seal, perfect conceal and odor free results!

Live in deep snow country or need differential venting? Pagoda makes it easy. Find the height you need from 1' to 14'! If odor is a problem the optional Pagoda Odor Filter Cartridge is a quick fit and provides effective odor absorbing action.

### **6' Pagoda Vent**

### **7' Pagoda Vent**

### **8' Pagoda Vent**

### **9' Pagoda Vent**

### **11' Pagoda Vent**

### **12' Pagoda Vent**

### **13' Pagoda Vent**

### **14' Pagoda High Vent**

The tallest of our vents, the 14' Pagoda Vent is surprisingly light weight.

Look close, you'll see it! Even at 14' the Pagoda is easily camouflaged in the landscape.
